Let’s explore together!

Sports occurs in the very society where we live and are part of. Sports is no exception and the moment we admit that the sports is as vulnerable as are the other sections of life, we will start moving in right direction. Therefore the people belonging to and practicing sports meet all sorts of people and experience different issues including problematic situations. In this context, POA is taking measures to equip athletes and educate them of their right and responsibilities. With these efforts, we are hopeful that the athletes and other personnel belonging to the Olympic Movement shall be empowered and in case of any unfortunate incident, if the victim keeps silence, it will aid in increase of the harassment and abuse cases.

What is Harassment & Abuse in Sport?

Harassment and abuse can be expressed in five forms that may occur in combination or in isolation. These include:

i) Psychological abuse

ii) Physical abuse

iii) Sexual harassment

iv) Sexual abuse

v) Neglect

These forms of abuse are defined here as:

**Psychological abuse**— means any unwelcome act including confinement, isolation, verbal assault, humiliation, intimidation or any other treatment that may diminish the sense of identity, dignity, and self-worth.

**Physical abuse**— means any deliberate and unwelcome act – such as for example punching, beating, kicking, biting and burning – that causes physical trauma or injury. Such act can also consist of forced or inappropriate physical activity (e.g., age- or physique- inappropriate training loads; when injured or in pain), forced alcohol consumption, or forced doping practices.

**Sexual harassment**— any unwanted and unwelcome conduct of a sexual nature, whether verbal, non-verbal or physical. Sexual harassment can take the form of sexual abuse.

**Sexual abuse**— any conduct of a sexual nature, whether non-contact, contact or penetrative, where consent is coerced/manipulated or is not or cannot be given.

**Neglect**— within the meaning of this document means the failure of a coach or
another person with a duty of care towards the athlete to provide a minimum level of care to the athlete, who is causing harm, allowing harm to be caused, or creating an imminent danger of harm. Harassment and abuse can be based on any grounds including race, religion, color, creed, ethnic origin, physical attributes, gender, sexual orientation, age disability, socio-economic status and athletic ability. It can include a one-off incident or a series of incidents. It may be in person or online. Harassment may be deliberate, unsolicited and coercive. Harassment and abuse often result from an abuse of authority, meaning the improper use of a position of influence, power or authority by an individual against another person. The IOC Consensus Statement 2008 considers that harassment and abuse are on a continuum; and therefore should not be separated.
